**MV Accredited  
& Scrape Monitored**

Provision will be made for MV Accredited and scrapie monitored sheep. Vendors should ensure all the relevant certification is brought on the day. It is the responsibility of the owner to ensure they follow the plans laid out in the market to safeguard the status of their livestock, which remains their responsibility at all times. Hands should be washed prior to entering the Heath Scheme areas.

**Selling Order**

Rams will be sold individually through the ring  
Females will be sold in their pens 'off the boards' and may be offered in groups or as individuals. Vendors are encouraged to consider selling females in pairs or small matched groups.

**Health Scheme  
Selling order**

Because of the restrictions imposed by the regulations concerning Health Scheme Flocks, it has been necessary to pen and sell animals in these high health categories together. We have tried to make the catalogue as clear as possible and have included a plan. Health Scheme rams will be sold in RING 1 prior to the start of the main ram sale in Rings 1.

**Animal Health**

Vendors will be expected to ensure that their animals are in good health and, to the best of their knowledge free from infectious or contagious disease. The entry form includes a signed declaration to this effect and entry to the sale therefore carries a warranty of soundness from the vendor. In the case of sheep this includes a warranty in respect of mouth, udder, testicles and that female sheep over 2 years have bred a lamb.

**Breed Inspection**

Some Breed Societies will carry our breed inspections, please see each breed section for details. Breed Society inspections do not constitute any form of guarantee or warranty. Purchasers should inspect animals themselves to ensure they are suitable, prior to purchase.

**Rejected Stock**

A quarantine area will be made available, but rejected stock should be removed from the market as soon as possible.

**Transportation**

All livestock must be transported in vehicles or trailers which comply with the law. There will be washing out facilities at the market, and will be open from 9.00am-12 noon on Friday and Saturday. All livestock must travel with the correct licences. If in doubt please contact an Animal Health Officer at your local DEFRA offices.

**Animal in transit**

Animals in transit and not entered into the event, will be **strictly prohibited**

**Swapping animals in the car park is STRICTLY PROHIBITED and is ILLEGAL**

It could get the market into trouble, and you into serious trouble. Anyone caught will not be permitted to participate in future events. This has to be taken very seriously

**Hay & Straw**

A limited amount of straw will be provided. Vendors must supply their own hay, additional straw and buckets.

**Order of Sale**

Animal will be sold strictly in catalogue order. It is the responsibility of the vendor to ensure their animals are presented for sale at the correct time.

## **Reserves and Minimum Upsets Notes for Buyers and Seller**

**A Minimum Upset** - is the minimum price, set by the Breed Societies, **below which animals cannot be sold**. If your breed has a Minimum Upset, it will be published at the beginning of the breed section.

**Reserve Prices** - All vendors are entitled to place a reserve on their animals. A reserve is the price below which the seller is not prepared to sell.

**The Reserve acts like a bid**, so the auctioneers can 'run' a single bidder up to that reserve price. Auctioneers cannot 'run' a single bidder if there is no reserve.

**How to place a reserve** - Sellers should place the reserve with the auctioneers before the sale. Clearly write the lot number and the price in Gns, **below which you will not sell**, and **hand it to the auctioneer before they start selling your sheep**. The sale will be noisy so do not attempt to give verbal instructions.

**Groups** - Groups of ewes are sold at a price per sheep, regardless of the size of the group.

**Private Sales** – If your sheep does not sell under the hammer, but someone offers to buy it after the sale, you are permitted to do this. However **you MUST put the sale through the auctioneer's office**. Animal movement records to and from markets are strictly controlled and monitored. It also means that the market collects the funds and passes them to you safely. Animals sold in this way are not included in the breed averages and are not subject to Minimum Upset prices.
